Dear {Manager},

I would like to enroll Certified DevOps Professional (CDevOps™) program to further enhance my DevOps skills and I would like to gain your approval to attend this accredited program. By attending this accredited program, it will strengthen my overall ability to ensure successful implementation and integration of DevOps into our company's technology team culture, mindset and best practices.

Led by Niranjan Pandey, an award winning DevOps expert, this program will also help me enhance my hands-on experience on widely used DevOps tools like as Git, Docker, Jenkins, Kubernetes & Chef. It will also walk you through the configuration management; continuous integration deployment, delivery and monitoring using DevOps which I believe will contribute significantly to our company. I will also discover the latest updates on Kubernetes cluster, Infrastructure as Code and Continuous Integration/ Continuous Development tools such as Jenkins.

Some of the key skills this program will bring include:

- DevOps Automation
- DevSecOps
- Continuous Integration (CI)
- Continuous Delivery (CD)
- DevOps Collaboration
- Configuration Management
- Bamboo and Jenkins
- Kubernetes
- Infrastructure as Code
- Deployment Architectures

I believe these skillsets will prove invaluable to me and you can be assured that after attending this online program, I will be able to contribute even further to our organization's IT development. In addition, this program will allow me to earn the Certified DevOps Professional (CDevOps™) designation which I believe will significantly enhance our performance and team credibility.

I look forward to gaining your approval to attend this online program.

Sincerely,  
Your Name
