CHARTERED SUSTAINABLE SUPPLY CHAIN AND LOGISTICS PROFESSIONAL™

CSSCLP™

**Fully Accredited
By:**

Chartered Institute of
Professional Certifications

CPD
Certification Service

PROGRAM OVERVIEW

According to a recent study, **80% of a company's greenhouse gas emissions originate from its supply chain.**

This Chartered Sustainable Supply Chain and Logistics Professional (CSSCLP™) is designed to help your organization achieve its sustainable development goals by building a **robust sustainable supply chain, green logistics and circular procurement system.** Through the integration of sustainability, environmental, social and governance (ESG) and United Nation Global Compact (UNGC) factors, you learn how to **design circular supply chain and implement state-of-the-art green logistics** that will reduce your company's carbon footprint and comply with the GHG protocol in your supply chain network. In addition, you will explore critical concepts such as **circular economy procurement, sustainable product design and packaging, sustainable warehousing and storage** - all of which will improve your company's eco-efficiency and achieve compliance with regulations. Throughout this program, you will also learn how to implement **Supply Chain Sustainability Reporting** that will improve your organization's overall transparency and commitment to its sustainable development goals.

By the end of the program and upon passing the Chartered exam, you will have earned the **Chartered Sustainable Supply Chain and Logistics Professional (CSSCLP™)** designation which you can use to demonstrate your professional credentials and expertise in developing sustainable supply chain and logistics framework.

YOUR FACULTY DIRECTOR

Claudia Stijlen

Experienced ESG Faculty Leader and Co-Chair of the Sustainable Procurement Pledge Scope 3 Chapter

Claudia Stijlen is a highly sought-after faculty leader specializing in Environmental, Social, and Governance (ESG) matters and sustainability management with an immaculate track record on driving improvement and change globally. She is currently the **Sustainability Director and an independent ESG consultant for global pharmaceutical company, Hikma** based in Jordan where she helps them with their implementation of Task Force on Climate-related Financial Disclosures (TCFD) recommendations. Prior to her current role, she was a director of operations at a sustainability management consulting firm and also worked as the head of procurement for Shell's Pernis Refinery in the Netherlands. Her extensive work experience in sustainability management, ESG, social entrepreneurship, and sustainable procurement has led her to be appointed as **co-chair of the Sustainable Procurement Pledge (SPP) Scope 3 Chapter** that drives sustainable procurement practices across the world.
