PROGRAM OVERVIEW

According to a study by the Boston Consulting Group, companies that prioritize sustainability outperform their peers financially by 2.5 times. Sustainability is no longer a buzzword. Implemented effectively, it can enhance your overall organization's reputation, financial performance, and social standings.

The Certified Sustainable Development Manager (CSDM™) program is a cutting-edge training program designed for managers and leaders who are committed to driving sustainable development within their organizations. This program will equip you with the knowledge, skills, and tools to **effectively manage your organization's sustainability initiatives and align them with your organization's mission and values.**

Throughout the program, you will learn how to **conduct sustainability assessments using frameworks such as GRI, ISO, and CDP, identify key sustainability risks and opportunities, and develop powerful sustainable development strategies** that can be integrated into your organization's SDG goals. You will also gain insight into **green financial instruments** and how they can help to finance your sustainability initiatives.

PROGRAM OVERVIEW

Participants will also learn about the **latest trends and developments in sustainable development** and how they impact global business and the economy. The program will cover key areas such as **sustainability reporting and performance management, sustainable innovation, and sustainable governance** through a series of interactive lectures, workshops, group discussions, and hands-on exercises. By the end of the program, you will be equipped with the knowledge, skills, and tools needed to effectively manage sustainable development initiatives and **make a meaningful impact on your organization and community**.

By the end of the program and upon passing the Chartered exam, you will have earned the **Certified Sustainable Development Manager (CSDM™)** designation which you can use to demonstrate your professional credentials and track record in effectively managing sustainable development implementation.

Globally demanded and recognized, this designation is an industry-recognized trademarked charter developed by the **Chartered Institute of Professional Certifications** and has lifelong validity. This program will empower you with the knowledge and skills to drive change and create a more sustainable future.

CARBON FOOTPRINT REDUCTION**

YOUR FACULTY DIRECTOR

Marina Mattera

Adjunct Professor and Sustainability Expert

Marina Mattera is an **influential sustainability, innovation, and circular economy advocate**. She was a former consultant and project manager for the **World Bank** where she managed all areas of development from policy and provides strategic advice to the identification, preparation, appraisal, and supervision of sustainability projects. As a sustainability expert, Marina was also accredited by the Spanish Ministry of Education as a University Professor for Public and Private Universities where she specializes in **Sustainable Development and Social Impact Evaluation**, bringing real-world examples into her courses so that students develop a clearer understanding of the topic.

Marina is also a visiting scholar at the Institute for Corporate Responsibility in Washington DC where she designs and analyzes certification for the **World Cocoa Foundation** that includes sustainably-sourced cocoa, taking into account both EIA (environmental impact assessment) and social impact. Marina's niche expertise in sustainability has led her to be a **regular speaker at international conferences and academia around the sustainable development, social and environmental impact evaluation, and corporate social responsibility field**.

EXAMINATION

YOUR CHARTER DESIGNATION

Chartered Institute of Professional Certification's programs are unique as they provide you with a professional charter designation and mark that can be used across your lifetime once you have completed our programs.

After completing the program and passing the Chartered exam, you will be awarded the **Certified Sustainable Development Manager (CSDM™)** designation that can be used in your resume, CV, and other professional credentials. This designation is a global trademark and industry-recognized with lifelong validity. The CSDM™ certification demonstrates to your employer, clients, and peers that you have the skills and knowledge needed to successfully lead and advance sustainable development projects and initiatives.

Globally demanded and recognized, this designation will help you distinguish your sustainable development skillsets and demonstrate that you have attained expertise in managing sustainable development implementation.
