PROGRAM OVERVIEW

A recent survey conducted by PwC's Global Investor team found that a staggering **79% of 325 top investors considered ESG** to be a significant factor in their investment decision-making, with **49% expressing a willingness to divest from companies that do not take meaningful action** on ESG issues. These findings highlight the growing importance of ESG in the investment community and the increasing pressure on investment managers to integrate these factors into their investment processes.

This Chartered ESG Investment Manager (CEIM™) program is a comprehensive certified program that will provide you with a thorough understanding of the **principles and framework behind ESG investing**, along with robust methods for identifying **climate risk, navigating ESG issues, and achieving your ESG investing goals**. You will learn how to effectively **analyze and integrate ESG factors into your investment decision-making processes**, helping you to identify companies with strong ESG practices and positioning you at the forefront of the rapidly growing sustainable investment industry. You will also gain insights into relevant **ESG risk metrics and learn how to measure and screen the impact of ESG investing on your overall investment portfolio** using materiality mapping. Additionally, this program will teach you how to incorporate the **ESG ecosystem into your internal controls** and prevent your organization from incurring regulatory penalties. You will then translate your organization's ESG and climate risk data into a report that can help you transition your investments into a Net-Zero portfolio over time.

By the end of the program and upon passing the Chartered exam, you will have earned the **Chartered ESG Investment Manager (CEIM™)** designation which you can use to demonstrate your professional credentials and track record in develop sustainable ESG investment strategies.

Globally demanded and recognized, this designation is an industry-recognized trademarked charter developed by the **Chartered Institute of Professional Certifications** and has lifelong validity. It's also fully accredited by CIPD (Chartered Institute of Personnel and Development), with 160,000 membership organizations worldwide.
