NEW IN THIS YEAR'S EVENT

17 May 2024: Site Tour to London South Bank University, Cognitive Systems Research Centre, School Of Engineering And Computer Science Campus

London South Bank University's Cognitive Systems Research Centre in London stands as an institute of excellence in the field of AI education. Recognized for its state-of-the-art facilities and innovative curriculum, the institution integrates advanced AI methodologies and tools into its educational framework, aligning with London's broader push for innovation and digitization. The research centre's hands-on approach showcases real-world applications of AI in education. Furthermore, its cutting-edge research initiatives provide insights into the future trajectories of AI applications in educational contexts. This campus tour not only provides insights into the practical implementations and challenges of AI in education but also facilitates enriching networking opportunities with the institution's expert faculty, passionate students, and industry collaborators.

17 May 2024: Site Tour to London Metropolitan University, Cyber Security Research Centre Campus

London Metropolitan University has been at the forefront of advancing educational practices through its research initiatives at the Cyber Security Research Centre. This institution has been exploring innovative ways to harness the power of artificial intelligence (AI) to enhance learning and teaching experiences. The Cyber Security Research Centre conducts interdisciplinary research that delves into how digital technologies and AI can be effectively integrated into education. By creating adaptive learning systems, analyzing large datasets of student interactions, and developing tools that cater to individual learning styles, the lab aims to shape the future of education in a way that is both inclusive and personalized.
