Dear {Manager},

I would like to enroll in the Strait of Hormuz and Red Sea Shipping Risk Management program to strengthen my expertise in maritime risk management, geopolitical threat assessment, and organizational resilience, and I would like to seek your approval to attend this program. By attending this program, I will enhance my ability to identify emerging maritime risks, support operational continuity, and contribute more effectively to our organization's risk management and resilience objectives.

Led by Meik Neumann, an internationally recognized maritime security expert and IMO Maritime Security Subject Matter Expert, this program will provide practical insights into the geopolitical, security, and operational challenges affecting global shipping within the Strait of Hormuz and Red Sea. The knowledge gained will help me strengthen risk assessment capabilities, improve crisis preparedness, and support more informed decision-making within our organization. Some of the key skills this program will bring include:

- Geopolitical Risk Analysis
- Maritime Threat Assessment
- Intelligence-Led Decision Making
- Voyage Risk Assessment
- Business Continuity Management
- Crisis Leadership & Response
- Maritime Cyber Risk Management

I believe these capabilities will be highly valuable to both my professional development and our organization. Upon completing this program, I will be better equipped to strengthen risk oversight, support business continuity, improve crisis response, and help safeguard our operations against evolving maritime and geopolitical threats. I am confident that these skills will enhance both our team's effectiveness and our organization's resilience in an increasingly complex operating environment.

I look forward to gaining your approval to attend this online program.

Sincerely,
Your Name
